

## Let's prove the world wrong! Let's win against prematurity! ☐

Hello! My name is Oliwia. When I was born, I weighed 770 grams, measured 33 cm, and scored a happy 7 points on the Apgar scale. 😊 Even though I'm saying hello to you only today, I've been in this world since December 19, 2022, at 10:09. But my story began much...
