

# New fundraising platform in Europe. What is 4fund.com?

Europe is home to several fundraising platforms, and Europeans enthusiastically engage in fundraising activities. This year, [zrzutka.pl](https://zrzutka.pl), the most popular fundraising platform in Poland, decided to expand its operations to the international market under a new name. Does it stand out from the crowd? Find out more about [4fund.com](https://4fund.com)!

## Origins of 4fund.com

This year a new fundraising platform has been launched on the European market. It was created by the founders of the Polish crowdfunding website [zrzutka.pl](https://zrzutka.pl). They have built a strong reputation in their own country over the last 10 years and **are now aiming to become an international brand under the name [4fund.com](https://4fund.com).**

Poles created more than **1 million fundraisers** on [zrzutka.pl](https://zrzutka.pl), achieving total donations in excess of **€258 million** (more than 1 billion zlotys). The platform recorded notable success, including significant fundraising for Crisis Helpline (€380,000), #TogetherForUkraine (nearly €700,000) and journalist Slawomir Sierakowski's high-profile campaign 'Bayraktar for Ukrainians', which raised around **€5.3 million** in 2022.

However, it is not the big events that have made the platform so popular, but **the possibility of raising money for any cause** – from birthday parties to collaborative charity initiatives. The international version of the Polish project operates on the same proven principles – **for free and with no fees**. 4fund.com, similarly to its predecessor, runs mainly on voluntary donations.

## Fundraising features

There are many websites for raising funds. However, **the creators of 4fund.com can boast that they hold an EU Payment Service Provider licence**, ensuring the safety of funds and fast transactions processing, utilising multiple payment methods including Visa, MasterCard, Google Pay, and Apple Pay for payments, as well as Visa Direct and MasterCard in terms of withdrawals.

**4fund.com is open to all EU citizens and organisations registered in the EU.** In addition to regular fundraising campaigns, the platform offers the possibility of setting up recurring fundraisers (which can be particularly attractive to creators and artists), as well as the possibility of rewarding donors and an auction system.

The site is currently in English, but its creators have announced that German will be added soon. As a promising international fundraising platform, [4fund.com](https://4fund.com) is shaping up to be a **success** and meet the expectations of a diverse European audience.

## **About 4fund.com**

They are a team of passionate professionals dedicated to helping people raise funds for any goal through collective collaboration. Their journey started in Poland as zrzutka.pl – the leading crowdfunding site in their country. With 10 years of experience, they have established a strong reputation and grown from a small business into a powerful platform uniting hundreds of thousands of users.

Now they have decided to spread their idea of free crowdfunding internationally! Their platform is pretty easy to use – create a fundraiser, go through a short verification, and start raising funds in just a few minutes! It's 100% free, with no commission or fees, and users can withdraw funds in just a second!

4fund.com is operated by an EU-licensed Payment Services Provider. That's how they can be so fast and trustworthy. On 4fund.com, thanks to their verification procedures, users are always sure who they are donating to.

Is it working? It surely is! More than hundreds of thousands of users have trusted them and created over 1 million fundraisers! No matter if you want to make your dream come true, sell your product, find support for your work, or launch a charity... You are always welcome on 4fund.com! Give it a try now!
